

EARTH WEEK WALK/RUN ACTIVITIES SCHEDULED APRIL 18-23

In honor of Earth Week, the SMC Extreme Sports program with the assistance of the SMC Green Club is conducting walks and runs on the beautiful trail system that runs through the Dowagiac campus and the surrounding area. The walks or runs can be done at any time during the week of April 18 through 23.

Trail distances are 1.4 miles to 6.2 miles. Earth Day 10K (6.2 miles) is a premier complete, non-repeat loop of trails that only crosses Dailey Road twice. Begin at trailhead, southwest corner of the Student Activity Center (SAC).

The trail is well marked with red tree marks. All other trails are also well marked with directional signs. All participants will be awarded special certificates and will also have their names submitted for some cool drawing prizes. The more hikes or runs that you do, the better your chances of winning.

Participants need to check in at the SAC between 7 a.m. and 6 p.m. Monday through Friday and 8 a.m. to 2 p.m. Saturday. Maps for all the trails will be available. Please join us for this celebration of a great community natural resource and the promotion of good stewardship for our beautiful earth.
